

Keynote Speaker: Dan Levitt, MSc., CHE
Executive Director, Tabor Village
Adjunct Professor, Gerontology Department, Simon Fraser University

Transforming Lives: Enhance the Patient Experience While Enhancing your Quality of Work and Life.

This interactive session will engage participants with real life examples of innovative leadership and best practices that transform the patient journey. This change leadership session will offer delegates the opportunity to develop solutions to the challenges faced in the workplace that can be implemented in their work and in life. Participants will leave the dynamic session with a bolstered sense of what is possible creating hope and inspiration for the future.

Dan is a frequent keynote speaker across North America, Europe, Asia, and later this year he will be presenting in Australia and New Zealand. The moving talks he delivers leave delegates with a sense of optimism, inspiration and hope for turning challenges into opportunities. As the Executive Director, Tabor Village he shepherds the enhancement of social, spiritual, and care needs for nearly 300 seniors. Leading a team of over 400 employees and volunteers, Dan inspires them with a commitment to continuously improving the quality of life at the campus of care. Dan is an Adjunct Professor teaching Long Term Care Administration in the Gerontology Diploma Program at Simon Fraser University; Vice Chair, Alzheimer Society of BC; and a Board Member of the International Association of Homes and Services for the Aged.
