

## Celebrating Nursing Week 2015

British Columbia's professional nursing associations are proud to recognize the Licensed Practical Nurses, Nurse Practitioners, Registered Nurses and Registered Psychiatric Nurses who have a positive impact on the health and healthcare of British Columbians. You exemplify the theme of this year's nursing week "Nurses: With You Every Step of the Way" and we are proud to represent your voice at the provincial, national and international nursing tables.

This year marks an important milestone in our provincial nursing history – the Association of Registered Psychiatric Nurses of BC has made its debut and as a result, the entire nursing family is now united, along with nurse educators, as the BC Coalition of Nursing Associations. Together, we will raise a single, strong voice to celebrate and advance nursing in British Columbia.

Thank you B.C. nurses for your commitment to nursing excellence. Your efforts are celebrated this week, but they are appreciated every day by countless British Columbians.
