

# Licensed Practical Nurses Association of British Columbia

**OUR COLLEGE  
CHANGED THEIR LOGO.....**

**THE NURSES UNION  
CHANGED THEIR LOGO.....**

**LPNABC KNEW IT WAS TIME  
WE CHANGED OUR LOGO TO BE MORE  
REFLECTIVE OF CURRENT TIMES.....**

Old Logo (since 1951)

New Logo

The Executive Board was approached by Ministry of Health and other major stakeholders stating our association is well respected for all the advocacy work we have done for LPNs in BC but the look was not reflective of today..... **LPNABC took this suggestion for change very seriously.**

The original logo was initiated and reflective of the times in 1951, however, it was no longer cutting edge.

We commissioned a commercial artist to help us design LPNABC a new look!  
(By generous donation of their time)

We are very excited to officially launch this new look and hope all of our members are just as welcoming of a updated look bringing our organization into the millennium and towards a wonderful future.
